PROFESSIONAL SUMMARY

Generative AI and Business Automation professional with hands-on experience developing AI-assisted applications, operational automation workflows, and data-driven business tools. Experienced in Python, REST APIs, Google Workspace integrations, product research automation, and business analytics. Contributed to automation initiatives at Nunes Instrumentation, including IGNIS, which indexed over 19,000 Google Drive file records. Previous experience includes a 30% reduction in export documentation processing time and a 50% reduction in recruitment screening time. Currently pursuing an MBA in Artificial Intelligence.

TECHNICAL SKILLS

Programming and automation:	Python, PowerShell, Windows BAT, Task Scheduler, Google Apps Script, REST APIs, browser/workflow automation.
Generative AI and applications:	AI-assisted product research, prompt-based content preparation, technical specification extraction, catalogue/PDF workflows, API integration.
Data and reporting:	SQL, Excel, Google Sheets, Power BI, DAX, Tableau, Streamlit, local indexing, data classification, deduplication.
Systems and operations:	Gmail API, Google OAuth, Google Drive API, IndiaMART, CRM operations, supplier price research, LAN/Tailscale, requirements analysis, process mapping.

PROFESSIONAL EXPERIENCE

Generative AI & Forward Deployed Engineer — Aug 2026 – Present

Nunes Instrumentation | Coimbatore

- Developed and improved five operational automation initiatives covering Gmail account cleaning, Windows temporary-file maintenance, IndiaMART product workflows, supplier price lookup and Google Drive indexing.
- Implemented Drive-to-Sheet file classification and indexing for 19,000+ records using Google Apps Script, Drive API and Sheets; long-running rescan performance remains under improvement.
- Built working multi-account Gmail cleaning using Python, Gmail API and OAuth; improving multi-PC monitoring and reliability across connected accounts.
- Tested stable scheduled TEMP-file cleaning through PowerShell and Windows background workers; extended monitoring remains a development area.
- Developed working IndiaMART product research and listing support with specifications, product media and PDFs; continuing to improve multi-account consistency and HTTP 429 handling.
- Built Price Master indexing and search across Excel, Drive/Sheets, IndiaMART and supplier records; refining matching accuracy, deduplication and search performance.

Operations & Business Analytics Lead — May 2025 – Nov 2025

RXG Studios | Bengaluru (Hybrid)

- Automated export documentation using Advanced Excel and export platforms, reducing manual processing time by 30%.
- Streamlined invoicing, TDS documentation, Tally reconciliation and Bills of Lading workflows for export operations; maintained CRM records.

Business Development Intern — May 2024 – Aug 2024

Greenwich Meridian Logistics India Pvt Ltd | Remote

- Researched freight-forwarding prospects and CRM pipelines; streamlined invoices, quotations and shipment documentation, improving turnaround time by 30%.

HR & Operations Intern — Jun 2023 – Aug 2023

Smyrna Fellowship Trust | Remote

- Restructured candidate-screening processes, reducing screening time by 50%; accelerated recruitment by 2.5x and expanded the qualified candidate pool by 5%.

Intern & Event Coordinator — Jan 2023 – Feb 2025

Woxsen University – Centre of Skill Development | Hyderabad

- Coordinated operations, executive communications and marketing for university events, including Campus Quest and Dinner with CEO.

Assistant Accountant — Jan 2022 – Jul 2022

Foundry Patterns | Remote

- Maintained accounting ledgers, invoice tracking and Excel records; supported reconciliations and financial documentation.

SELECTED PROJECTS

- **Drive to Sheet Extractor:** Classified and indexed 19,000+ Drive file records for Sheets-based lookup; scan and retry optimizations ongoing.

- **Gmail Cleaner & Nunes Temp File Cleaner:** Working multi-account email cleaning and scheduled Windows maintenance; multi-device visibility under refinement.
- **IndiaMART Automation & Price Master:** Working product research, specification/media handling and price database search; reliability and deduplication enhancements ongoing.
- **Analytics portfolio:** Customer churn decision analysis (interpretable ML, Streamlit), retail inventory forecasting (Python/SQL/Power BI), financial time-series forecasting (ARIMA/SARIMA), and ESG reporting dashboards.

EDUCATION
